

Alternative 1 - Carousel

Alternative 2 - Carousel Square

Description

Effective format designed to help you reach your target audience in the right place at the right time. Can be implemented as a single image or carousel ad with an integrated map based on the user's location.

Publication in the Shopfully **Premium Shopper network** via **consumer apps and portals**. The distribution of product and brochure offers in the Shopfully Premium Shopper network is flexible and can be displayed **locally, regionally and nationally**

as required. Billing only takes place after the first interaction to ensure a high-quality and interested target group. We can provide particular support for the following occasions with the Click2Go format:

- POS promotions
- Product launches
- Highlighting focus products
- New store openings

File Format

File format
